The Katonah Village Improvement Society (KVIS) is one of the oldest civic organizations in the country. More than four generations since its inception, KVIS continues to be a vibrant, active organization whose activities strengthen Katonah's unusually strong civic spirit. KVIS is dedicated to preserving the best from the past while improving the quality of village life in the present and for the future.

KVIS is an all-volunteer community organization. The Executive Committee meets at 7:30 p.m. in the Katonah Village Library the fourth Monday of every month, with no meetings in December, July or August. Please come to our meetings. They're open to the public and we welcome your ideas and suggestions for making Katonah even more vibrant.

For more information, visit: www.kvis.us

KVIS keeps its finger on the pulse of town activities, with representatives attending Town Board meetings and serving as active members of the Chamber of Commerce and Community Center.

KVIS sponsors an annual Katonah Village Forum where residents meet town officials and ask questions in an informal setting.

KVIS preserves and promotes Katonah's history by printing and distributing a guided walking-tour map of historic downtown.

KVIS awards an annual college scholarship to a Katonah high school senior and an annual scholarship to KES fourth graders to attend the John Jay Homestead summer history camp.

KVIS sponsors the annual Clean Up Day and collaborates with the Town of Bedford to install enhancements to downtown, such as the Victorian-style bulletin board at the train station, attractive trash receptacles, benches and plantings.

Ahhh yes! Spring is in bloom! Open the windows, shake out the rugs, till the garden then uncork a crisp white or fruity red. After a long day of running the kids to games and catching up on those painting projects, you've earned the right to relax. So kick back with the perfect vintage and raise a glass to mating season!

We'll recommend the perfect vintage for all your summer celebrations: garden parties, outdoor festivals, barbeques and concerts under the stars. So put out that deck furniture and let those screen doors slam!

Here's to the end of summer's sweltering heat, to the brilliant colors of fall, to cool crisp air, apple pies, big sweaters, gourds and ghouls and the spicy aroma and crunchy sounds of fallen leaves. And um...leaf blowers? Bring on the wine and celebrate the harvest with a rich chunky red or buttery chardonnay. We can't think of a better way to gear up...for another day of leaf blowing.

Oh winter, winter, we love you! You give us permission to huddle by the fireplace, cook soups, retreat, reflect, hunker down and...fear The Weather Channel. Oh yes, you'll need wine. Cases! Let us recommend just the right varieties so you can stock up and survive the season. But uh, you might want to keep that roof rake handy.
